BRUSSELS, Oct. 15.—During the recent conference in London between Mr. Lloyd George, British Premier, and M. Delacroix, Belgian Premier, concerning the question of German reparations, the Franco-Belgian military convention also was discussed, according to the Etoile Belge.

The newspaper quotes Mr. Lloyd George as having said that if Belgium's territory again was invaded Great Britain, as in 1914, would consider such violation a casus belli.

"The British Premier," the newspaper continues, "while not excluding the possibility of the conclusion of an Anglo-Belgian agreement, declared, however, that it was not indispensable to the safeguarding of Belgium's independence. Mr. Lloyd George pointed out that Great Britain did not allow herself to be influenced by the fact that Belgium had renounced her neutrality."

Andrew Pappas, a restaurant keeper, is the complaining witness in each case. The men arrested are charged with operating a confidence game.

Pappas's experience with the whisky ring started, he said, when he met Schillinger, who also was named by Sadler as a go-between of the whisky ring. Schillinger, Pappas said, introduced him to Kerwin, Foster and Leach.
Pappas said he paid them \$4,000 and got a receipt. But before the whisky was delivered, Schillinger according to the story, told Pappas the others were toe slow and, if the restaurant man would give him the receipt, he would speed up the whisky delivery.

CORK, Oct. 15.—Nearly 1,500 employees, virtually the entire staff of the new Ford automobile tractor plant here, are reported to have found themselves at least temporarily out of work when they returned to the plant this afternoon from masses celebrated in all the Cork churches to day for the hunger strikers in prison.

Notices were posted at 10 o'clock this morning forbidding the men to interrupt their work to attend church services on pain of dismissal or having their wages docked. Nevertheless, a majority of the force left the work at 11:30 o'clock, and when they returned found that the plant had been closed.

A prominent Sinn Feiner visited the plant and appealed on behalf of the men to the American manager, Edward Grace, Mr. Grace is said to have declared that he was contemplating installing an entire new force of operators, but finally consented to take the present workmen back, but not until next Monday.
